

PLEASE READ THIS!

Please use ONLY a standard
#9 or #10 plain paper envelope

#9 envelope = 3-7/8 x 8-7/8
#10 envelope = 4-1/8 x 9-1/2

Please DO NOT Use
Priority Mail Envelopes
Express Mail Envelopes
Photo Mailers
CD Mailers / CD Cases

Please DO NOT use anything called a
"Document Mailer"

Please DO NOT delay the delivery of your mailed
subscription by using any of these "Document Mailers"

Here's the Issue

1. Our mail is received in a secure mailing facility in Miami, FL. Every 2 week we have this mail forwarded to us here in a country outside the USA.
2. The Customs service in our country will automatically approve and release all mail that looks like a letter.
3. However, EVERYTHING ELSE, including "Document Mailers" or any item that looks or feels stiff, will be opened and the CASH confiscated.
4. Additionally, one of us has to drive an hour to the Customs Facility at the airport just to pickup the now empty envelopes, which we are obligated to do because we still have to activate the subscriptions therein.
5. Having experienced this several times over the years, we no longer forward any "Document Mailers".
6. Instead, we hold these "Document Mailers" at the mailing facility until such time as one of us may be traveling to the USA where they can receive delivery of these "Document Mailers" in the USA and then personally courier them to us in their luggage.
7. Obviously, this delays delivery of your letter and the activation of your subscription by up to several months.

Forum Subscription Order Form
